

INDEX TO JOURNAL OF MEDICAL EDUCATION

VOLUME 48 • 1973

For easier reference, the following list keys page numbers to month of issue.

| | |
|-----------|-----------|
| January | 1-118 |
| February | 119-226 |
| March | 227-310 |
| April | 311-393 |
| May | 395-530 |
| June | 531-614 |
| July | 615-706 |
| August | 707-791 |
| September | 793-884 |
| October | 885-974 |
| November | 975-1093 |
| December | 1095-1193 |

Author Index

- Abroms, G. M., and Greenfield, N. S.** A Revision of Psychiatric Training, 645
- Ackerman, S. J.** See Kalinowski, R. H., April, Part 2 (*Supplement*)
- Aillon, G. A.** Psychiatric Residents Versus Team Approach in Community Psychiatry (*Letters to the Editor*), 195
- Alexander, R. S.** Training Versus Education (*Letters to the Editor*), 773
- Ambrosino, R. J., and Brading, P. L.** An Analytical Computer-Based Methodology for Screening Medical School Applicants, 332
- Anderson, J. D.** See Sorlie, W. E. *et al.*, 371
- Anlyan, W. G. et al.** (Graduate Medical Education Committee). Guidelines for Academic Medical Centers Planning to Assume Institutional Responsibility for Graduate Medical Education (*Supplement*), 780
- Arsham, G. M., Colenbrander, A., and Spivey, B. E.** A Prototype for Curriculum Development in Medical Education, 78
- Avery, M. E.** Training for Primary Care: The Two-Year Program in Pediatric Service (*Medical Education and Medical Care: A Dynamic Equilibrium*), December, Part 2 (*Supplement*), 65
- Bader, J. P.** Recruitment of Medical Students: Recent Developments in France (*Medical Education and Medical Care: A Dynamic Equilibrium*), December, Part 2 (*Supplement*), 41
- Banks, S. A., and Vastyan, E. A.** Humanistic Studies in Medical Education, 248
- **Murphree, A. H., and Reynolds, R. C.** The Community Health Clerkship: Evaluation of a Program, 560
- Banta, H. D.** See Bosch, S. J. *et al.*, April, Part 2 (*Supplement*), 144
- See Mulvihill, M. N., 591
- Barro, A. R.** Survey and Evaluation of Approaches to Physician Performance Measurement, (*Supplement*), 1047
- Bass, H. E.** See Bosch, S. J. *et al.*, April, Part 2 (*Supplement*), 144
- Becker, M. H.** Patient Compliance (*Letters to the Editor*), 966
- **Katatsky, M. E., and Seidel, H. M.** A Followup Study of Unsuccessful Applicants to Medical Schools, 991
- Begun, M. S.** Legal Considerations Related to Minority Group Recruitment and Admissions, 556
- Behal, F. J.** A View of the Comprehensive Role of the Basic Sciences in Medical Education, 166
- Bellin, L. E.** The Health Administrator as a Status Seeker, 896
- Bennett, I. L., Jr.** The Continuum of Medical Education, 40
- Berger, A., and Spinelli, N. P. R.** An Evolving Resident Partnership Learning System in a Family Practice Residency (*Communications*), 1021
- Bettman, J. W., and Steward, J. P.** The Basic Science Course: A Supplement to Residency Training Programs, 258
- Bigger, T. J., Jr.** See Friedman, R. C. *et al.*, 436
- Binford, R. T., Daniels, F., Jr., and Gordon, D. W.** A Concentrated Teaching Exercise for Introducing Clinical Dermatology (*Communications*), 1025
- Bittker, T. E.** See Metzner, R. J., 743
- Blackman, N. S.** Minority Group Status as an Admission Criteria (*Letters to the Editor*), 966
- Blenden, D. C., Dorn, C. R., Selby, L. A., and McCulloch, W. F.** Teaching Veterinary Aspects of Public Health in a Segmented Curriculum, 85
- Blevins, C. E., and Cahill, D. R.** Gross Anatomy: Current Courses, Training Programs, and Prospective Needs, 264
- Bloomfield, D. K.** See Sorlie, W. E. *et al.*, 371
- Bosch, S. J., Bass, H. E., Gold, H. M., and Banta, H. D.** Medical Student Roles in Prepaid Group Practice (*HMO Program Development in the Academic Medical Center*), April, Part 2 (*Supplement*), 144
- Bowles, L. T.** Curriculum Objectives (*Letters to the Editor*), 464
- Bowsher, P.** Health Record of 92nd Congress Is a Mixed One (*Editorial*), 104
- Brading, P. L.** See Ambrosino, R. J., 332
- Braga, E.** Response (*Medical Education and Medical Care: A Dynamic Equilibrium*), December, Part 2 (*Supplement*), 26
- Bresnick, E.** See Levy, M. *et al.*, 1148
- Bridgeman, J. F.** Family Practice Residencies in the Community Hospital: Changing Attitudes amid Different Structures (*Communications*), 368
- Brook, R. H.** Critical Issues in the Assessment of

- Quality of Care and Their Relationship to HMOs (*HMO Program Development in the Academic Medical Center*), April, Part 2 (*Supplement*), 114
- Bryan, G. T. See Levine, H. G. *et al.*, 760
- Bucher, R. M. Nationalism and Medicine (*Editorial*), 1030

Subject Index

Academic Health Center(s):

- Biomedical research in, directions for, Hiatt, 55
- Effect of federal funding programs on (*Supplement*), Saward, December, Part 2, 105
- Financial support for, Kennedy, 5
- Governance of, Lee, 27
- Health maintenance organization program development in (*Supplement*), Kalinowski and Ackerman (Eds.), April, Part 2
- Involvement of, in development and operation of professional standards review organizations, (*Editorial*), Kalinowski, 457
- Management information system in, Kutina and Lee, 797
- Missions and administrative elements of, in 1980, Elder, 227
- Program cost allocation and faculty activity involvement in, Hilles, 805
- Program costs of (*Editorial*), Sprague, 793
- Regional, Pellegrino, 119
- Responsibility of, for graduate medical education (*Supplement*), Anlyan *et al.*, 780
- Role of: In health care delivery, Hess, 49; In regional medical programs (*Communications*), Carpenter, 178

Accreditation:

- Of physician's assistant programs (*Editorial*), 596

Admissions:

- Applicants for, relationship to birth rate (*Editorial*), Schofield, 693
- Applicants for 1971-72 entering class: (*Datagram*), Dubé, 380; Study of, Dubé *et al.*, 395
- Applicants for 1972-73 entering class (*Datagram*), Dubé, 1161
- Increasing the efficiency of, Rosenberg, 707
- Minority group, legal considerations related to, Begun, 556
- Minority group status as a criterion for (*Letter to the Editor*), Blackman, 966
- Of COTRANS-sponsored applicants, a progress report (*Datagram*), Dubé, 461
- Unsuccessful applicants, follow-up study of, Becker *et al.*, 991

Allied Health Personnel:

- Child health associate, role identity development of, Fine and Machotka, 670

- Education of, role of basic science departments in, Behal, 168
- Equivalency testing to expedite production of (*Communications*), Musser, 579
- Interactions of, with medical students, Rockoff, 725
- Open-closed-mindedness of, study of, Heikinen, 1013
- Pharmacist, expanded role for, Csáky, 905
- Physician's assistants: Accreditation of programs for (*Editorial*), 596; Selection of, Crovitz *et al.*, 551
- Role development of (*Editorial*), Schmidt, 958
- Social workers as (*Communications*), Thomson, 585

Association of American Medical Colleges:

- Alan Gregg Memorial Lecture (1973), Evans, 975
- Annual Awards (1973): Abraham Flexner Award to George T. Harrell, Jr., 987; Alan Gregg Memorial Lecture, John Evans, 975; Borden Award to Thomas C. Merigan, Jr., 989
- Annual meeting program outlines (1972), 489
- Annual Report (1972), 497
- Assembly Minutes (1972): February 5, 479; November 4, 483
- Chairman's Address (1972), Nelson, 63
- Group on Student Affairs, role of, 1957-1972, Johnson and Tuttle, 231
- Position on conclusions of Carnegie Commission (*Letter to the Editor*), Engel, 302
- Role of, in determining national health policy (*Editorial*), Cooper, 1159

Basic Sciences:

- Anatomy: Gross, courses, training programs, and needs in, Blevins and Cahill, 264; Independent study curriculum in (*Communications*), Harris *et al.*, 1023; Microscopic, self-instructional program in, Kahn *et al.*, 859
- As "bridge sciences" (*Letter to the Editor*), Marshall, 303
- Biochemistry: Laboratory teaching in, use of self-instructional and audiovisual methods in, White *et al.*, 939; Self-paced course in (*Com-*

- munications), Cohen *et al.*, 289; Use of personalized system of instruction in teaching, Weisman and Shapiro, 934
- Biostatistics, clinical approach to teaching (*Communications*), Mulvihill and Banta, 591
- Chemistry, amino acid and protein, self-instructional package on, Stevens *et al.*, 276
- Comprehensive role of, in medical education, Behal, 166
- Course in, as a supplement to residency training programs, Bettman and Steward, 258
- Curriculum in, modification of, student feedback model for (*Communications*), Levy *et al.*, 1148
- Histology, relevance of (*Communications*), O'Morchoe *et al.*, 686
- Pharmacology: Role of (*Letter to the Editor*), Maren, 464; Csáky, 905
- Neurosciences, integration of, in undergraduate neurology (*Communications*), Jacobson, 869
- One-year program in (*Communications*), Sorlie *et al.*, 371
- Pathology, nonlecture-oriented system of education for, Rodin and Levine, 349
- Retention of knowledge of (*Communications*), Levine and Forman, 867
- Behavioral Sciences:**
- Social problems assistantship course (*Communications*), McGann *et al.*, 594
- Bibliography:**
- Medical education, 112, 197, 306, 388, 467, 610, 702, 774, 880, 968, 1042, 1169
- Biomedical Research:**
- Directions for: In academic health centers, Hiatt, 55; Rogers, 8
- Priorities in (*Supplement*), Higginson, December, Part 2, 95

 France: Reform of (*Supplement*), Portos, December, Part 2, 57
 Israel: Hadassah Medical School, community expectations and (*Supplement*), Oster, December, Part 2, 91
 Medical student recruitment in (*Supplement*), Bader, December, Part 2, 41
 New Zealand: Production of general practitioners in (*Supplement*), North, December, Part 2, 88
 Transfers from, use of COTRANS in (*Datagrams*), Dubé, 459
 West Indies: Postgraduate training program in diagnostic radiology in (*Communications*), Kaude and Johnson, 955
- Medical Education—Postgraduate:**
 AAMC policies and activities in, Nelson, 63
 Essential nature of, (*Editorial*), Swanson, 183
 House staff policy, survey of (*Datagram*), Checker and Dove, 1031
 House staff positions, effect of geographic distribution of physicians, de Vise, 147
 Institutional responsibility for, guidelines for academic medical centers planning to assume (*Supplement*), Anlyan *et al.*, 777
 Integrated internship-residency in rehabilitation medicine, cooperative education in (*Communications*), Johnson and Checkles, 587
 Interns: Psychiatric, orientation of (*Communication*), Ullman and Strem, 1157; Sleep deprivation in, psychological problems associated with, Friedman *et al.*, 436
 National Intern and Resident Matching Program: Current problems of, Ceithaml and Johnson, 625; 1966-1972 (*Datagram*), Checker, 106
 Problems of (*Supplement*), Krevans, December, Part 2, 60
 Residents/Residency: Clinical competence of, evaluation through study of patient records, Scott and Sniderman, 832; Family practice, in community hospital (*Communications*), Bridgeman, 368; Family practice, evolving resident partnership learning system in (*Communications*), Berger and Spinelli, 1021; Family practice, expectations of (*Letter to the Editor*), Frey and Cauthen, 1041; Psychiatric, orientation of (*Communications*), Ullman and Strem, 1157; Psychiatric, versus team approach in community psychiatry (*Letter to the Editor*), Aillon, 195; Surgical, teaching experience of (*Letter to the Editor*), Kadish, 701
- Medical Ethics:**
 Courses in, realistic expectations for (*Communications*), Clouser *et al.*, 373
- Medical Faculty:**
 Activity involvement of, in program cost allocation, Hilles, 805
 Effort distribution of, (*Communications*), Kutina, 280
 Effort-reporting of: Expression of overwork in (*Letter to the Editor*), Redick, 1166; Stoddart, 814
 Evaluation of, by medical students (*Communications*), Noyes and Ettinger, 102
 Reactions to teaching aids package of instructional media network, Stenchever *et al.* (Steering Committee for Cooperative Teaching of the Association of Professors of Gynecology and Obstetrics), 430
 Role of, in governing academic health center, Lee, 31
 Salaries of strict full-time (*Datagram*), Hilles and Fagan, 597
- Medical Journals:**
 Copyright on (*Letter to the Editor*), Morton, 302
Journal of Medical Education, role in reporting debate of AAMC bodies (*Letter to the Editor*), Engel, 302

Medical Schools:

- Applicants to, computer-based methodology for screening, Ambrosino and Brading, 332
- Applicants to 1971-72 entering class of: (*Datagram*), Dubé, 380; Study of, Dubé *et al.*, 395
- Applicants to, unsuccessful, follow-up study of, Becker *et al.*, 991
- Construction and expansion of, effect on geographic distribution of physicians, de Vise, 146
- Enrollment in (*Datagram*), Dubé, 293
- Faculty of, nonphysician, promotion of, Marshall *et al.*, 1111
- Grades in, dimensions of (*Communications*), Haley, 98
- Management of, by crisis (*Communications*), French, 947
- Minority applicants to, method for increasing, Marshall, 139
- Relationship to the community (*Supplement*), North, December, Part 2, 88
- Self-reform of (*Editorial*), Cooper, 291
- Graduates of, participation in national intern and resident matching program, 1966-72 (*Datagram*), 106

Medical Students:

- Academic achievement of, as related to career performance, Wingard and Williamson, 311
- As care aids with primary responsibility for psychosocial aspects of care (*Communications*), McGann *et al.*, 594
- Attitudes of: Liberalism, fate of, Goldman and Ebbert, 1095; Toward rural practice, Taylor *et al.*, 885
- Career choice of: Counseling for, Zimny and Senturia, 336; Patterns of, Otis and Weiss, 1116
- Community and family medicine exposure of (*Communications*), Weisbuch *et al.*, 953
- Cuban, role of, Butler, 853
- Curricular and societal pressures on, Elliott, 824
- Emergency medical services training of, guidelines for, Monaghan and Johnson, 1124
- Enrollment of, 1968-69 through 1972-73 (*Datagram*), Dubé, 293
- Evaluation of teachers and curriculum by (*Communications*), Noyes and Ettinger, 102
- Female: Academic performance of, Weinberg and Rooney, 240; Trends in numbers of (*Datagram*), Dubé, 186
- First- and second-year, motivation of, Strayhorn, 1104
- High-achieving and low-achieving, a comparison of, (*Communications*), Rothman, 180
- Independent study program for, Johns and Smith, 732

Interactions of, with nursing personnel, Rockoff, 725

Junior: Clinical performance evaluation of, Printen *et al.*, 343; In pediatric ambulatory care, use of problem-oriented record by (*Communications*), Saitz and Lewis, 453

Learning environment of, questionnaire on, Levy *et al.*, 840

Learning style preferences of, Olmstead, 572

Minority: "Project 75" (*Letter to the Editor*), Prieto, 384; Recruitment and admission of, legal considerations related to, Begun, 556; Retention program for, Marshall, 136

"New," effect of curriculum change on (*Communications*), Rosenberg and Weber, 366

Performance on NBME examinations, effect of self-instructional materials on, Stritter *et al.*, 1129

Performance of, use of "mini" computer in assaying (*Communications*), Mayor, 100

Recruitment of, in France (*Supplement*), Bader, December, Part 2, 41

Retention of basic science knowledge by (*Communications*), Levine and Forman, 865

Role of, in governing academic health center, Lee, 34

Selection of (*Supplement*), Rosinski, December, Part 2, 43

Sex education of (*Communications*), Marcotte, 285

Social backgrounds of, influence on medical education (*Supplement*), Haynes, December, Part 2, 45

Socioeconomic and racial backgrounds of (*Supplement*), Ferguson, December, Part 2, 48

U. S. citizen, in foreign medical schools (*Editorial*), Schofield, 695

Medicine:

Bases of attraction to, Olmstead, 572

College seniors planning careers in, characteristics of (*Datagram*), Schafer, 872

Physicians:

As "biped computers" (*Letter to the Editor*), Modlin, 386

Attitudes of, political, changes in, Goldman and Ebbert, 1095

Clinical judgment of, evaluation of, Goran *et al.*, 171

Comprehensive care, production of, Kane *et al.*, 615

Distribution of, in rural communities, Mattson *et al.*, 323

General practice and specialist, characteristics and attitudes of, Harvey, 718

- Individual profiles of, for use in planning continuing education, Sivertson *et al.*, 1006
- Migration of, from inland to coastal states, de Vise, 141
- Nineteenth century American (*Letters to the Editor*), Rothstein, 772
- Patient education role of (*Supplement*), Canfield, December, Part 2, 79
- Patient motivation ability of (*Communications*), Senior and Smith, 589
- Performance of: Approaches to measurement of (*Supplement*), Barro, 1047; Grades as predictors of, Wingard and Williamson, 311
- Physical examination practices of, Mudd and Fleiss, 1140
- Practicing: As a resource for curriculum planning (*Communications*), Oetgen and Witzleben, 949; Role expectations of (*Supplement*), Lawton, December, Part 2, 77
- Prestige of, Bellin, 900
- Qualities of, desired, Bennett, 44
- Role in influencing identity development of child health associates, Fine and Machotka, 670
- Role relationship with allied health personnel (*Editorial*), Schmidt, 958
- Rural, program designed to produce, Mattson *et al.*, 323
- Rural practice choice of, factors influencing, Taylor *et al.*, 885

Physician-Patient Interaction:

- Computer simulation of, program for, Friedman, 92
- Influence on autopsy rate, Gardner *et al.*, 636

Premedical Education:

- For preparation of disadvantaged students wishing to enter medical school (*Communications*), Feldman and Burnett, 945
- Required and recommended courses in, Elliott, 826
- Voluntary tutorship program during (*Communications*), Tamir *et al.*, 580

Problem-Oriented Record:

- Use of, by junior medical students in pediatric ambulatory care (*Communications*), Saitz and Lewis, 453

Social Responsibility:

- Medical school acceptance of (*Editorial*), Cooper, 291
- Pressures on medical students resulting from, Elliott, 829

Specialties:

- Basic science course as a supplement to training for, Bettman and Steward, 258

- Family Practice: Community hospital residency in (*Communications*), Bridgeman, 368; Resident partnership learning system in (*Communications*), Berger and Spinelli, 1021; Undergraduate education in, Vandervoort and Ransom, 158

- Ophthalmology, comprehensive curriculum in development of, Arsham *et al.*, 78

- Physician decisions to move from general primary practice to, attitudes factors influencing, Harvey, 718

- Reorganization of (*Letter to the Editor*), Louria and Kidwell, 1039

- Selection of: Among University of Michigan graduates, new trend in (*Communications*), Herrmann, 451; Counseling service for, Zimny and Senturia, 336; Patterns of, Otis and Weiss, 1116; Use of Medical Specialty Preference Inventory in (*Communications*), Zimny and Senturia, 1019

- Subspecialties, in teaching hospital clinical laboratory, workload impact of (*Communications*), Van Peenen, 864

Teaching Hospitals:

- Autopsy rate in, influence of physician-patient relationship on, Gardner *et al.*, 636
- Clinical laboratory in, workload impact of medical subspecialties in (*Communications*), Van Peenen, 864

- Fiscal controls on, external, Cathcart, 421

- French, social security system and (*Supplement*), Pallez, December, Part 2, 111

- House staff policy in (*Datagram*), Checker and Dove, 1031

- Personnel in, interaction with medical students, Rockoff, 725

- University owned or operated, income analysis of (*Datagram*), Knapp *et al.*, 769

Teaching Method(s):

- Block concept, and objectives and performance criteria, Blenden *et al.*, 85

- Case studies for medical students (*Communications*), Linke *et al.*, 580

- Community advocacy as a method for teaching human values, Falk *et al.*, 153

- Computer simulation of physician-patient encounter, Friedman, 92

- Concentrated exercise for introducing clinical dermatology (*Communication*), Binford *et al.*, 1025

- Focal problem, Ways *et al.*, 565

- Instructional media network, faculty reactions to, Stenchever *et al.*, (Steering Committee for Cooperative Teaching of the Association of

- Professors of Gynecology and Obstetrics), 430
- Lecture: Defense of (*Letter to the Editor*), Leake, 193; Illusion of learning in, relationship of teacher personality to, Naftulin *et al.*, 630
- Personalized system of instruction (Keller method), Weisman and Shapiro, 934
- Portable TV studio for clinical videotape production (*Communications*), Patterson, 691
- Programmed learning strategies, Marchant, 446
- Reading course, as an alternative to the lecture (*Communications*), Waldron, 764
- Self-instructional, audiovisual program in microscopic anatomy, Kahn *et al.*, 859
- Self-instructional and audiovisual methods in teaching biochemistry laboratory, White *et al.*, 939
- Self-instructional materials, effectiveness of, Stritter *et al.*, 1129
- Self-instructional package on amino acid and protein chemistry, evaluation of, Stevens *et al.*, 276
- Self-instructional program, in red cell morphology, evaluation of, Shafer *et al.*, 1133
- Self-instructional programmed videotapes, use in teaching psychodiagnosis and observation, Suess, 676
- Self-learning in biostatistics course, Stahl and Hennes, 271
- Self-paced biochemistry course (*Communications*), Cohen *et al.*, 289
- Simulation devices, effectiveness in teaching physical diagnosis, Penta and Kofman, 442
- Special teaching sessions in histology (*Communications*), O'Morchoe *et al.*, 686
- Telecommunications as a potential (*Communications*), Thompson, 1155
- Textbook enrichment system of pathology education, Rodin and Levine, 349
- To increase motivation of preclinical medical students, Strayhorn, 1104
- Videotape, production considerations for, Metzner and Bittker, 743
- Undergraduate Education:**
- College seniors planning careers in medicine, characteristics of (*Datagram*), Schafer, 872
- Minority, in City University of New York, Marshall, 134
